[redacted] STAT

Dear [redacted] STAT

In my capacity as Chairman of the Joint Interservice Working Party on Ground Intelligence Photography, it is my pleasure to extend the appreciation of the Working Party for your very real contribution to the success of our recent meetings in the Los Angeles area.

I have received the most enthusiastic reports from members who attended the meetings and these reports, while they give me considerable pleasure, serve to make me regret most sincerely that I was personally unable to attend. Knowing yourself, your personnel, and your products and corporate ideas, I am certain that you were able to provide a valuable stimulus to the Working Party membership.

May I also note my appreciation for your personal hospitality to the members; from those personnel of my own staff who were in attendance, I gather that your abilities as a host are memorable. Again my personal and official thanks for your efforts on our behalf and would you relay this statement of appreciation to those other members of your organization who also helped to make our Los Angeles meetings such a complete success.

Sincerely yours,

Arthur C. Lundahl
